It is your responsibility to either trade with someone or hire one of the workers listed. Other hired workers may be available if you ask around, however, all workers must be at least 18 years old. The Home Run Club DOES NOT pay for concession workers.**

There are tournaments scheduled but the times are not available yet. As soon as these times are available, assignments will be made. Please be aware you may be asked to work while your son is playing. This is because the other teams are playing away games. Please work together and offer to cover the stand for a few minutes so the concession worker can peek at their son. Remember, hired workers are available.
